

SUMMIT AVIATION, INC.

TERMS AND CONDITIONS OF PURCHASE

1. FORMATION OF CONTRACT

This Purchase Order (“Order”) is Summit Aviation, Inc.’s (“Buyer’s”) offer to purchase the goods and/or services (herein after referred to as “Goods”) described herein from the Seller and does not constitute an acceptance by Buyer of any offer to sell, quotation, or proposal by the Seller. This Order shall become a binding contract under the conditions set forth herein only when the Seller accepts this Order. Buyer’s placement of this Order is expressly conditioned upon acceptance by Seller of all of the terms contained herein and on the face of this Order and any supplements, specifications or documents expressly incorporated herein by reference or attached hereto.

Any additional or different terms or conditions which may appear in any communication from Seller are hereby expressly objected to and shall not be effective or binding unless specifically agreed to in writing by Buyer.

Seller expressly acknowledges that Buyer is purchasing the Goods covered by this Order solely for the purpose of resale and export. Since Buyer is not the ultimate user of said goods, it is necessary that certain rights of the Buyer be extended to third parties, referred to herein as “Buyer’s designee.”

2. PRICE AND PAYMENT

All prices shall be firm and fixed unless otherwise agreed in writing by Buyer. However, if Seller reduces its published or standard prices for goods covered by the contract before Seller completes its performance thereunder, such reduced prices shall apply to any Goods undelivered to Buyer at the time Seller reduces its price(s).

Seller’s invoice(s) must exactly match Buyer’s Order to avoid payment delay. Any discrepancies in Seller’s invoice may result in a delay in payment by Buyer.

Payment terms shall be net 30 days unless otherwise specified. Seller agrees not to deliver goods on a sight draft basis.

Seller shall be responsible for the payment of all taxes that may arise out of its sale of the Goods to the Buyer, except as otherwise provided herein. Buyer agrees to provide Seller with a Tax Exempt Certificate if required.

3. DRAWINGS AND DATA

Seller must strictly adhere to Buyer’s drawings, specifications, or other data provided by Buyer. Deviations are not allowed unless advance written approval is provided by Buyer.

If this Order requires the submission of drawings or other data for approval by Buyer or Buyer’s designee, Seller shall submit same to Buyer on or before the time specified by the Order (or if no time is specified, as soon as possible prior to shipment). All drawings or data are subject to approval by Buyer or Buyer’s designee unless otherwise agreed to in writing by Buyer. Buyer will not reimburse Seller for any additional expense incurred by Seller as a result of proceeding with its performance prior to such approval being granted.

4. DELIVERY PERFORMANCE

Unless otherwise stated herein or on the Order, all Goods are to be shipped freight prepaid F.O.B. Seller's factory. Buyer has the option to specify routing, carrier and shipment methods.

Time is of the essence for this Order. One hundred percent (100%) on-time delivery in accordance with the Order delivery schedule is MANDATORY, and unless specifically authorized by the Buyer in writing, any deliveries received after the specified date will be considered delinquent. Where the delinquent delivery situation is determined to be the fault of the Seller, Seller shall be liable for the transportation costs, loss of production time, etc., or any other damages as a result of delinquency.

Seller is responsible for ensuring on-time deliveries from its suppliers so as to ensure on-time delivery of the Goods to the Buyer. Seller shall not be excused from its delivery requirements due to the fault of its suppliers. In the event Seller's Goods become delinquent, Seller must proactively provide regular delivery status reports in writing to the Buyer until the delinquent status is fully resolved to Buyer's satisfaction and Goods are delivered complete to Buyer's premises. At a minimum, Seller's reports shall include the Goods part number(s), part description(s), Order number(s), past due quantity, current status of Goods, and projected ship dates. Reports shall be in Microsoft Excel format unless otherwise directed by Buyer. Buyer expects that such reports will be the exception, as 100% on-time delivery is required and expected.

Early delivery by Seller is not permitted unless authorized in writing by the Buyer.

Premium/Expedited shipping costs are not allowed unless authorized in writing by Buyer. Seller is responsible for the difference between premium/expedited shipping costs and standard shipping costs unless Seller obtains authorization in writing from Buyer to ship via premium/expedited shipping.

Seller shall package the Goods in such a manner as to be safe from damage, deterioration, or FOD intrusion while in transit or storage under foreseeable circumstances. It is Seller's responsibility to ensure that all shipments of dangerous Goods and hazardous materials are compliant with the requirements of 49CFR and any other applicable state or federal regulation. Buyer's actions may include, but are not limited to, any or all of the following: withholding payment to Seller until the issue is resolved, removal of Seller from the Buyer's Approved Supplier List, and/or any legal action available to Buyer.

If the DPAS rating symbol **DX** or **DO** appears on the Buyer's Order, the Order is considered a Rated Order Certified for National Defense use. In this case, the Seller is required to follow all the provisions of the Defense Priorities and Allocations System Regulation (15 CFR Part 700).

Buyer or Buyer's designee shall have the right and opportunity to verify the product performance to the requirements of the Order, drawings and specifications at the Seller's premises. Such verification shall not be used by the Seller as evidence of effective control of quality by the Seller nor shall the verification by the Buyer or Buyer's

designee absolve the Seller of the responsibility to provide acceptable Goods nor shall it preclude subsequent rejection of the Goods by the Buyer. Seller shall furnish, without additional charge, all reasonable facilities and assistance for the safety and convenience of Buyer or Buyer's designee and shall in no way impair Buyer's or Buyer's designee's rights in the case of nonconforming or defective goods.

8. DEFECTIVE GOODS NOTIFICATION

In the event defective Goods are received from Seller at the Buyer's or Buyer designee's premises, Buyer will notify Seller by email and/or phone as soon as the defective Goods are detected. A Supplier Corrective Action Request will be issued to Seller's designated quality representative. Issued Corrective Action Requests must be completed and returned to the Buyer by the date assigned within the Corrective Action Request. Supplier's failure to complete the Corrective Action Request as required may result in Supplier being removed from Buyer's approved supplier database.

In addition to all remedies provided herein, Seller shall be liable for any and all direct and consequential damages to Buyer and Buyer's designee incurred as a result of any defect or breach of warranty in any item covered by this Order, including the costs of product recall or litigation resulting from the Goods.

9. WARRANTY

Seller warrants to the Buyer that goods supplied and work or services performed under this Order are (i) merchantable and fit for the purpose intended; (ii) new; (iii) free from defects in material and workmanship; (v) free from defects in design if design is not provided by Buyer; (vi) manufactured in strict accordance with Buyer provided drawings, specifications, etc.; and (vii) free from liens or encumbrances on title (hereinafter "Warranty" or "Warranties"). Buyer or Buyer designee's written approval of designs furnished by Seller shall not relieve Seller of its obligations under this Warranty.

Notwithstanding any other provision, in addition to the foregoing, Seller shall be liable for Buyer's and Buyer's designee's actual costs, expenses and damages related to or arising from Goods not conforming to the Warranty, including but not limited to labor and other costs related to transportation of Goods, expediting, removal, disassembly, failure analysis, fault isolation, assembly, reinstallation, re-inspection, retrofit, and any and all other such corrective action costs incurred by Buyer or Buyer's designee.

Unless otherwise specified by the Buyer, Seller's Warranty shall extend indefinitely. Buyer and Buyer's designee shall have the benefit of any other Warranty which may be applicable.

A. Return such Goods to Seller at Seller's risk and expense, in which case Seller shall promptly deliver new Goods to Buyer or its designee, as Buyer shall direct; or Seller shall make the returned goods conform to the Buyer provided drawings, specifications, etc., and return corrected goods back to the Buyer or its designee, as the Buyer shall direct, at Seller's risk and expense.

In addition to the other remedies provided herein, Seller shall be liable for all damages to Buyer and Buyer's designee incurred as a result of any defect or breach of warranty in any item covered by this Order, including but not limited to costs of product recall or litigation related to the Goods.

Seller's Warranties shall survive the termination of this Order and any contract resulting from the Order.

10. INDEMNIFICATION

Seller shall indemnify and save harmless Buyer, Buyer's designee, Buyer's insurers and Buyer's affiliates and their employees, agents, officers and directors for and from all suits, claims, judgments, awards, losses, damages, costs or expenses (including attorney's fees) relating to, arising out of, or caused by the

performance of Seller or its Suppliers hereunder, and any act or omission of Buyer or its Suppliers related to any Goods provided under this Order. Seller's indemnification obligations cover, without limitation, injuries, sickness, diseases (including occupational disease whenever occurring), or death of Seller's employees.

13. BUYER-FURNISHED ITEMS

Buyer shall have no liability to Seller for any delays or failures of Buyer Furnished Items, (including but not limited to tooling, parts, materials, drawings, information, and specifications). If Buyer Furnished items are not delivered to Seller in sufficient time to enable Seller to meet Buyer's required delivery dates, Seller must notify Buyer of the delay in writing and shall be entitled to an extension of the delivery schedule equal to the period of delay. Any such adjustments shall be Seller's sole remedy under this section.

Buyer Furnished items shall be used only for the purpose of the Order. Seller shall not use Buyer Furnished Items on any other Order without written authorization from Buyer. Seller shall, at its own expense, (i) establish and follow a preventative maintenance, calibration and repair program for Buyer Furnished items, (ii) safely store (separated from other material where practicable) Buyer Furnished Items, and (iii) maintain all Buyer Furnished Items in good, workable condition.

Use of Buyer Furnished Items shall not absolve Seller from responsibility to provide Goods that totally satisfy the requirements of this Order, Buyer provided drawings, and specifications. If Seller discovers Buyer provided tooling is not capable of producing goods that totally meet Buyer's requirements, Seller shall immediately notify Buyer in writing whereby, after investigation, Buyer may request Seller to submit an engineering change request.

Title to any Buyer Furnished Items shall remain with Buyer or Buyer's designee, as the case may be. Buyer, in order to protect its interests, may require Seller to execute documents that are related to the Buyer Furnished Items. Seller shall plainly mark and adequately identify Buyer Furnished Items as being Buyer's property. Seller shall not substitute any property for or modify or dispose of Buyer Furnished Items without Buyer's written authorization.

Upon Buyer's request, Seller shall provide an annual written audit/inventory of Buyer's Furnished Items, including certification of compliance with this section and proof of adequate insurance covering full replacement cost of Buyer Furnished Items.

Seller shall, immediately upon discovery, provide written notification to Buyer if any Buyer Furnished Items are lost, damaged or destroyed while in the Seller's custody, care, or control. Seller shall safeguard all such information in an appropriate manner and shall not disclose to third parties except in the normal course of conducting business with, and on behalf of, Buyer.

Seller shall be free to use non-confidential information in any manner as it reasonably determines provided, however, nothing contained herein shall be deemed to grant any license under any patent. Acceptance of this Order by the Seller indicates that Seller agrees to abide by the requirements of Buyer's "Mutual Confidentiality and Non-Disclosure Agreement." Buyer will make this document available to Seller upon request.

15. DEFAULT AND TERMINATION

Buyer has the right to cancel the Order to Seller for Goods, in whole or in part, without liability to Seller if Order cancellation occurs prior to commencement of lead-time. Further, Buyer may cancel the whole or any part of this Order without liability or exercise any other remedy available to Buyer by law or in equity including any remedy under the Uniform Commercial Code, in any of the following circumstances:

- A. If Seller fails to make delivery of the Goods or to perform the services within the time specified herein or any extension thereof.

- C. Seller is in breach of any of the terms or conditions of this Order.
- D. Seller becomes insolvent, makes a general assignment for the benefit of creditors, or is the subject of proceedings under any law relating to bankruptcy, insolvency or relief of debtors, however designated.

Buyer's failure to insist upon strict performance of the terms of this Order or to exercise any rights hereunder shall not be construed as a waiver of the rights of the Buyer or Buyer's designee.

16. INTELLECTUAL PROPERTY INFRINGEMENTS

Seller warrants that Buyer's and/or Buyer's designee's purchase, installation, and/or use of the Goods covered hereby will not result in any claim of infringement, of any patent, trademark, copyright, or other intellectual property right. Seller agrees to defend any action brought against the Buyer and/or Buyer's designee arising out of such infringement, and Seller shall indemnify and hold Buyer and/or Buyer's designee harmless from and against all claims, losses, expenses, damages, causes of action and liabilities of every kind and nature, including without limitation, attorney's fees (without waiver of Seller's obligation to indemnify Buyer and/or Buyer's designee hereunder), arising from or out of any breach of the foregoing warranty. The rights granted under this section shall survive termination of this contract.

17. INSURANCE

Without limiting Seller's duty to hold harmless and indemnify Buyer and Buyer's designee hereunder, Seller agrees to secure and carry as a minimum the following insurance with respect to all work to be performed under the Order for the duration of the Order: (i) Workers' Compensation Insurance, inclusive of an alternate employer endorsement, in an amount sufficient by virtue of the laws of the U.S., foreign

Certificates evidencing such insurance and endorsements naming Buyer as an additional insured or, in the case of All Risk Property Insurance, naming Buyer as a loss payee, shall be provided to Buyer upon request. To the extent permitted by law, Seller and its insurer(s) agree that subrogation rights against the Buyer are hereby waived. Seller shall, if requested by Buyer, advise Buyer of the amount of available policy limits and the amounts of any self-insured retention.
